In an attempt to save ink and trees, we recommend viewing this document online.
For those who like a printed copy, we've kept the document printer friendly and factual.

ABOUT SANDSTORM

We established Sandstorm Films in 2000 in Soho, London to produce high-end content for all our clients.

Whether you work for a brand, agency, production company or post house, our services are fully scalable to suit your needs.

From a simple studio hire with crew, to grading and cinema mix, or acting as a complete end-to-end production solution, Sandstorm have you covered.

Based at the legendary studio facilities on Ealing Green, only 15 minutes from Soho and Heathrow via the Elizabeth Line. This incredible location allows us to focus on bringing a no smoke and mirrors, stress-free approach to film-making. With a commitment to unparalleled speed and superior quality.

How do we achieve this? Well, have a look through this ratecard and see for yourself.

FLEXIBLE PRICING

We work with a wide variety of clients, all have different approaches to how they like to work with us, this includes quoting.

Our advice to you:

- We prefer clients to come with a brief, deadline and a budget.
- Transparency and honesty are key from the start.
- Tell us what you want to spend not how much you have to spend.
- We always provide discounts, the more you bundle together, the more you save.
- Our ratecard should only be used as a rough guide for a rate.
- We will normally add a production management fee for any end-to-end project

STUDIO STAGES

Less than 15 minutes from Heathrow and Soho on the Elizabeth Line.

Should you require lights, cameras, post production, accommodation, craft and drinks, catering for breakfast/lunch/dinner... basically anything, we're here to help.

Please ask in advance so it can be reserved for you. For shoots with less than 12 people you can order food on the day from one of many local restaurants.

STAGE 1

14,000ft² - opening May 2025

Modern cutting edge feature film sound-stage

Acoustically treated for dialogue

Air conditioned

Vehicle access

STAGE 2

10,000ft²

Full overhead truss system

Vehicle access

On-site lighting and crew

Price is a ready to shoot guide rate

Ideal for: Small VP sets, commercials, music videos, fashion, room sets, driving scenes, visual effects, packshots and high-speed virtual production including ghost-frame

PROPS / SET BUILD / ART DIRECTION

We strongly believe in upcycling and do our utmost to keep props, flooring and set materials wherever possible. It saves waste and, just sometimes, helps another production save money and reduce their carbon footprint too.

As well as an on-site prop store we have a full-time set building team. So let us quote your next set build too.

The cherry on the top, Art Direction and set design can be undertaken at Sandstorm. The biggest advantage here is the team know the studios, know the prop store and know what we have available on-site, as well as the local suppliers to get things done quickly for you.

All studio rates are in accordance with a standard working day - 8am - 6pm

CAMERAS & PACKAGES

READY TO SHOOT PACKAGE
